

BTC Multicopter Payload

Features:

- IMU stabilization
- Closed loop dc motors
- 90,000 count optical encoder
- Composite and thermoplastic
- Jitter free mounting
- Sony FCB - EV7100 1080HD
- Available with pixel tracking
- Available with GPS tracking
- 67 ° (wide) to 7.6 ° (tele) FOV
- Water resistant
- Custom clip mount available

Technical Specifications:

Total Weight: 12oz.

Voltage: 12v

Format: 1080, 720, or NTSC

Max Range of Motion: (tilt) 180°

Max Range of Motion: (pan) 360°
